*Administrative Professionals Day*

There are people in our lives, especially on the job, that have made a significant impact on us and what we do. The administrative staff, are those special people. Ms. Bowie, along with Mrs. Jackson, and the faculty, applaud each of you for your dedicated service and contributions to the Adult Ed Department. You are important to us as well as to all the people you serve.

*Thanks So Much !*

- Ms. Perry
- Mrs. Hudson
- Ms. Wilburn
- Ms. Barker
- Ms. Jones
- Ms. Waller
- Mr. Holmes
- Ms. Tate
- Mrs. Carter

As set forth in its student catalog, Augusta Technical College does not discriminate on the basis of race, color, creed, national or ethnic origin, gender, religion, disability, age, political affiliation or belief, veteran status, or citizenship status (except in those special circumstances permitted or mandated by law).

## Events

### Augusta Technical College Adult Education College Day

On February 28th, the Augusta Tech College Adult Education program, hosted its first "College for A Day" event. Staff and students from the Aiken Co. Public School System—Adult Education program were our guests. Programs visited included Early Childhood Education, Cosmetology, Barbering, Culinary Arts, and Nursing.

Our students were excited to actually visit "real" college classrooms, ask questions, observe, and take part in sampling California Sushi in Culinary Arts.

The ATC Adult Ed department would like to thank all the faculty and staff of ATC for being so receptive of our students and showing genuine interest in each student you encountered. Our student left with a new perspective and could visualize themselves as an ATC college student.

Thank you, Dr. Ishmal and Mrs. Cherell Williams-Butler, for accompanying your staff and students.

### Adult Ed Math Workshop

Mr. Willie Wilder and Mr. James Price conducted a Math Workshop on March 7th. The workshop focused on the different types of math students need to know, in preparation of taking the GED test. The skills were used in different applications, that required students to act out their knowledge of math concepts. Through roll-playing the student made learning more interesting and applicable to their everyday life.

We applaud Mr. Wilder and Mr. Price for conducting a well prepared workshop and for sharing their deep knowledge of Math with our students.
