

Ordering Decimals

Which of the following words comes first in the dictionary?

CAREFUL
CARELESS

How do you know? It has nothing to do with the length of the word!

Which number is larger?

0.03251
0.033

Again, it has nothing to do with the length of the number! Putting in 0s to make the numbers the same length can help us to see this better:

0.03251
0.03300

Put the following in order from smallest to largest:

0.98, 0.89, 0.904, 0.9
